A tree can stand tall only when its roots lie deep beneath; our Alumni serve as the roots and help the Institute spread its branches to spread knowledge amongst society at large. The I.T.S Alumni facilitate an interaction with the corporate world and the Institute; hence I.T.S maintains a web portal for its Alumni. The portal serves as a medium of exchange for their experience and a strong association is maintained with the faculty members with information up-dates and chats. Regular meets are organized to strengthen ties with the Institute and the contribution for placement of students is noteworthy.

"At I.T.S, I got ample opportunities to develop my professional skills. I am grateful to my faculty members who guided me on each step. At I.T.S I grew as a professional which proved instrumental in my career growth."
