It was really an enriching experience at I.T.S. The kind of support and bonding which we had with the faculties was amazing. I still feel proud to be associated with this brand name.

**Jaya Mishra**

**Sachin Rastogi**

I.T.S is one of the best college in NCR region. ITS's faculty members are highly knowledgeable & supportive. I have never seen/heard such type of culture in any other college. I am happy to be part of I.T.S even I finished my MCA 14

**Kamal Dodeja**  
Batch: 1998-2001  
Global Pre-Sales Consulting Manager Oracle India

It was a wonderful experience studying master degree at I.T.S because of the fact that each and every member of faculty and management was extremely helpful and cooperative. There are very few colleges in India having active Alumni programs running and when you attend Alumni meets which has been organized by I.T.S gives anyone an experience of close association and opportunity to relish old memories with college classrooms and faculties. I was telling my 5 year old son with proud that this was the place where your Dad has completed his last academic education and then he had so many question to ask...Thank You every one @ITS"
