## International E-Conference-2021 Reform, Perform and Transform (RPT): An Insight of Global Competitiveness and Sustainable Development (April 9th, 10th, 2021)

India is on the cusp of a major transformation. Change has been in the making over since 1991. The economy is finally moving out of the negative legacies of the past. However, Covid19 global pandemic has affected not only the economy of India – whole world. The country has regained its position as the fastest growing large economy in the world. This is highly commendable. However, to meet the rising aspirations of our young population, India needs to achieve and sustain a high rate of GDP growth for the next three decades. There will be several milestones in this long and arduous journey. The first of these milestones will be in 2022 when India celebrates the 75th anniversary of its independence. The government's goal is for India to be a USD 4.0 trillion economy when we celebrate the platinum jubilee of our independence. Moreover, the Prime Minister has given his clarion call for establishing a New India by 2022. The 'Strategy for New India @ 75' captures three key messages from the Prime Minister.

In this backdrop, a new mantra -reform, perform and transform was given by Prime Minister in his 70th Independence Day speech. PM unveiled his vision for transforming India through Reform, Perform and Transform mantra. He outlined his vision of the ongoing journey from swarajya (self-rule) to su-rajya (good governance). It can't be done without sacrifice, discipline and staunch resolution. PM eloquently expounded on the steps taken by the government to rejuvenate the country's economy and rebuild India anew on the principles of social equity and communal harmony. He hailed the competitive federal universe that has emerged as a key to the surge in economic growth.

In keeping the new mantra of reform, perform and transform, we are pleased to inform you that Institute of Technology & Science, Ghaziabad - PG Campus (<http://pg.its.edu.in>) is organizing an online International Conference-2021, on "Reform, Perform and Transform: An Insight of Global Competitiveness and Sustainable Development" on 9th and 10th of April 2021.

### Conference Objectives

The objective of the conference to provide a platform to bring together researchers, academicians, professionals, and students from the management, economics and business studies areas to interact and disseminate information on the prospects and challenges of reform, perform and transform. And to provide a platform to assess the prospective opportunities for business houses.

### Sub-themes

The conference will discuss the various prospects and challenges of the mantra of reform, perform and transform and deliberation on its prospective impact on the Indian economy.

## ABOUT INDIA

India, the seventh largest country by area, the fast-growing economy in South Asia is home to the ancient Indus Valley Civilization and a region of historic trade routes and vast empires. A pluralistic, multilingual and multi-ethnic society, the country is also home to a diversity of wildlife in a variety of protected habitats. It is bounded by the Indian Ocean on the south, the Arabian Sea on the south-west, and the Bay of Bengal on the south-east. Following market-based reforms since 1991, India is one of the fastest growing major economies in the world.

## ABOUT THE INSTITUTE

I.T.S - The Education Group is an 25 years old leading educational group of the country. Its various programmes are NBA accredited & NAAC (A-Grade) accredited.
